

Credit Name: CSE3010 - Computer Science 3									
Assignment Name: PhotoAlbum3.java									
Decribe the errors you've encountered while working on this assignment. What caused the error and how do you overcome the error?									
Error: I forgot to take note of any errors so I unfortunatley don't have any Images or descriptions for the error log.									
Solution: Remember to type out the descriptions for the errors and take pictures of them with Snip&Sketch.
