Credit Name: CSE3010 - Computer Science 3					
Assignment Name: MetricConversion.java					
Decribe the errors you've encountered while working on this assignment. What caused the error and how do you overcome the error?					
Error: I forgot to take note of any errors so I unfortunatley don't have any Images or descriptions for the error log.					
Solution: Remember to type out the descriptions for the errors and take pictures of them with Snip&Sketch.
